July 14, 2020

Dear Parents & Guardians,

Planning for the Coulee Region Virtual Academy (CRVA) is moving very quickly. With the creation of the CRVA at the Board of Education meeting last night, we are able to share out more information with you. You will find two documents enclosed in this letter. The first document is the [CRVA frequently asked questions](#). These are the questions that rose to the top in the over 1,000 responses from households. The second document is a [DRAFT of the parent/guardian handbook](#). This is a document that has involved teacher collaboration and will likely continue to be revised as we move forward and garner more feedback. We hope that these documents, in conjunction with the reopening plan that [Mr. Antony shared at last night's Board meeting](#), will help you make an informed decision about returning to school next year.

Next steps:

July 14 - Share information with staff and community
July 14-27 - Enrollment window for the CRVA
July 22-31 - Internal posting to determine pool of interested staff
Early August - Staffing based on enrollment numbers

Enrollment matters! ***Please note: if you indicated interest in the CRVA on the initial survey, you will not be automatically enrolled.***

If you are interested in registering your child(ren), please click [here](#) (the link will say Holmen, but there will be a spot for you to indicate your district).

Here is a [link to the CRVA informational page](#) where you can find all of the documents referenced as well as other pertinent information.

As always, we are here for any questions you might have. Please do not hesitate to reach out.

Thank you,

Fayme Evenson
Director of Instructional Services & Technology
