Sample
Self Reflection Tool on the Ten Wisconsin Teaching Standards

**Instructions:** This self reflection tool is designed to provide a personal profile of classroom performance assets based on the Wisconsin Teacher Standards for educators. The inventory consists of statements that describe classroom performance related to the Standards for teachers. The profile could be used to identify goals and which standards are addressed in a Professional Development Plan.

Check only one answer per question. Use the “notes” you take as you complete the survey to describe your personal reflections. Respond to every statement. After completing the self-reflection tool, spend some time thinking about how your answers could inform your professional growth plan.
## Self Reflection Instrument

**STANDARD 3** The teacher understands how students differ in their approaches to learning and the barriers that impede learning and can adapt instruction to meet the diverse needs of students, including those with disabilities and exceptionalities.

11. I understand that students have different learning styles.

12. I design instruction that helps use students’ strengths as the basis for their growth and learning.

13. I believe that all children can learn at high levels.

15. I am effective in adapting instruction to accommodate students with exceptional educational needs.

16. I know about strategies to support the learning of students whose first language is not English.

**STANDARD 4** The teacher understands and uses a variety of instructional strategies, including the use of technology to encourage children’s development of critical thinking, problem solving, and performance skills.

17. I understand the different cognitive processes involved in learning.

18. I know how to stimulate the different cognitive processes involved in learning through different instructional techniques, technologies, and resources.

19. I value my students’ active participation in the learning process.
20. I encourage my students to become independent, critical, and creative thinkers.

21. I constantly monitor and adjust my instructional strategies in response to students’ feedback and learning progress.

**STANDARD 5** The teacher uses an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

22. I understand the principles of effective classroom management.

23. I use a range of strategies to promote positive relationships, cooperation, and meaningful learning experiences in the classroom.

24. I take responsibility for establishing a positive climate in my classroom.

25. I understand the importance of peer relationships to establishing a positive climate for learning.

26. I take responsibility for establishing a positive climate in my school as a whole.

**STANDARD 6** The teacher uses effective verbal and nonverbal communication techniques as well as instructional media and technology to foster active inquiry, collaboration, and supportive interaction in the classroom.

27. I understand how cultural differences can affect communication in the classroom.

28. I understand how gender differences can affect communication in the classroom.

29. I recognize the importance of non-verbal as well as verbal communication.

30. I am a thoughtful and responsive listener.

31. I know how to ask questions and stimulate discussion in different ways and for different purposes.
### STANDARD 7 The teachers organizes and plans systematic instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

32. I am able to take contextual considerations (i.e. individual student interests and community resources) into account in planning instruction.

33. I value short- and long-term planning with colleagues.

34. I create learning experiences that are appropriate to curriculum goals.

35. I create learning experiences that are relevant to learners.

36. I create learning experiences that are based on principles of effective instruction.
