

School District of Onalaska

Preparing
students
for their
futures!

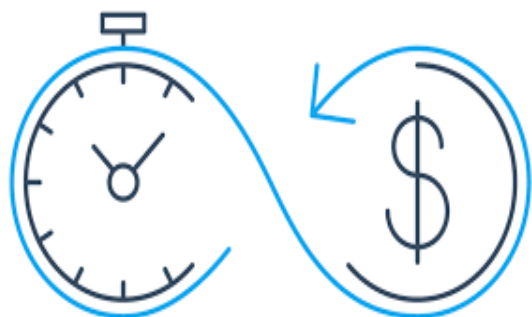

Onalaska High School students can earn post-secondary credits while still in high school by taking dual credit and Advanced Placement (AP) courses. This results in a major cost savings in the future as students not only save on tuition costs, but also finish college sooner!

Dual Credit courses are OHS courses that are also offered at Western Technical College. This opportunity allows high school students to take (transferable) college credits at NO CHARGE while attending OHS! To earn the college credits, students must earn a “C” or above in the OHS course.

Advanced Placement courses are designed to give you the experience of an intro-level college class while you’re still in high school. You can get college credit for the class if you pass the AP exam.

Academies Academies are career-focused areas of study that occur at schools throughout the region. Students pursue coursework along with opportunities such as hands-on experiences, job shadows and industry certifications through academies. Dual credit courses are embedded within some academies.

Tuition Savings Class of 2019

Dual Credit
\$60,782

AP Courses
1200 credits

**OHS currently offers 17 AP
and 16 dual credit/academy
opportunities.**
